3rd June 2011

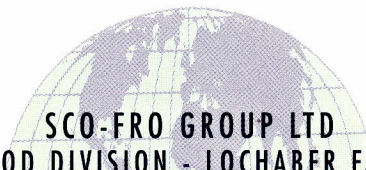

To Whom It May Concern

"ACE refrigeration worked very closely with us on the build of our freezer rooms and refrigerated loading bay at our Newton Stewart factory, ensuring our business needs were at the forefront of the design. We found them very knowledgeable, experienced and reliable and they delivered the project on time and within budget. I would have no hesitation in recommending them for other similar large projects."

Yours Sincerely

A handwritten signature in black ink, appearing to read 'M Murphy'.
